About the Artist

(Self-Portrait)

Leonardo Da Vinci is an accomplished Florentine artist, responsible for revolutionizing paintings techniques as we know it.

Born in Florence, Leonardo began painting and sculpting at age 14. Later in life, he became one of the most respected artists of the Italian Renaissance, earning the patronage of both the Catholic Church and the Florentine political elite.

Eventually, Leonardo decided to become an independent artist, where he sells prints of his old works and paints commissions.

DEV NOTE: These are buttons with borders and backgrounds;
I'm not sure how to put that into PowerPoint

Additional Notes:

- PowerPoint and HTML/CSS do not produce one-to-one results; this is just a general overview
- These do not include the mobile version (I don't think PowerPoint enables adequate screen size)
 - Mobile versions are entirely vertical
 - Some of the font-sizes are changed
 - Otherwise Identical
